

CASTLE ROCK
— W I N E R Y —

2017 Mendocino County Sauvignon Blanc

✦ Tasting Notes

Our Castle Rock Sauvignon Blanc is produced from grapes grown in Northern California's Mendocino County, where vineyards were first planted in the 1860s. Here, the headwaters of the Russian River carve a fertile and rugged landscape. The warm summers, cool springs, crisp falls and wet winters make ideal growing conditions for Sauvignon Blanc grapes.

This elegant, medium-bodied wine is crisp and refreshing, with aromas of grapefruit and pineapple, and flavors of lemon and peach on the palate. It ends with a fruity finish and makes an ideal accompaniment for seafood, chicken, salads, and vegetarian dishes.
