

DRESSAGE

2019 CHARDONNAY Central Coast

✿ Tasting Notes

The art of Dressage is about the harmony, elegance and balance between horse and rider. Our Chardonnay is made in a similar fashion, as grapes, climate and winemaker work in unison to create a wine that appeals to both senses and emotions with every sip. Produced with grapes grown in California's Central Coast, this Chardonnay offers rich, ripe and fruity character with pear, citrus, and melon flavors, subtle oak undertones and a long lingering finish.
